

come home to you

transcribed by JAYWILL

verse 1

C F C
There's a mad little kid at the top of the stair
 Am F C
And his eyes, they gather no lie
C F C
Well, his mom and his dad, they're too high to care
 Am F C
And his cries drift off in the night

C F C G
And I've been that kid, yeah it's true
 C F C G
And I've been both of those parents too
 C F C G
I'm ashamed when I lost my way
 Am G(F) C
But I'd do anything just to come home to you

verse 2

C F C
The twilight captures the sorrow of time
 Am F C
In between the life and the lived
C F C
I press on through the darkness so thoroughly blind
 Am F C
To a lie a new morning gives

C F C G
And it sparkles like each new tomorrow
C F C G
I crank up my last yesterday
 C F C G
Tasted sweet joy and bittersweet sorrow

 Am G(F) C
And I'd do anything just to come home to you

verse 3

There's a meanness inside and it shivers my bones
That's the thing about mercy I guess
There's no man so wicked he cannot come home
Nor so good he passes each test
As the fire of memories burn me
The grace of your love returns me
To this most traveled of highways
Where I'd do anything just to come home to you
I would do anything just to come home to you
