

## Motorboat to heaven

transcribed by JAYWILL (not exactly as recorded)

C F C  
You bring out the fool in me  
F C  
The blind man at the bar  
F C B/C Am  
Who whistles for his drink and his cane  
C G C F C  
And shows everyone his scar

C F C  
You're lovely, and you're cruel  
F C  
You got me in a trance  
F C B/C Am  
You put my soul in those hot, hot coals  
C G C F C  
And you make my spirit dance

CHORUS:

F  
Motorboat to heaven  
C B/C Am G/Am  
Baby's got the key  
C G  
Tell me, how am I 'supposed  
F C  
To get in close  
Am G C F C  
Back here on these waterskis

C F C  
You tell me everything  
F C  
It makes me want to hide  
F C B/C Am  
But I know there ain't no place, that can erase  
C G C F C  
All the things I feel inside

C F C  
So I'm out here in the wind  
F C  
It seems to be my fate  
F C B/C Am  
To cruise the night, like some lost kite  
C G C F C  
Who knows it's just too late

CHORUS

Tell me, how am I 'supposed  
To get in close  
Back here on these waterskis

\*\*\*B/C and G/Am means play the second chord with the first as a bass note  
\* B bass C chord \* G bass Am chord
