

My dog and me

transcribed by JAYWILL

"capo 2nd fret" to match key of song

C F C
Well she marked our trail up the backbone ridge
Am G F
How many times can one dog pee?
C F C
She lifts me high as an eagle when I'm on the skids
Am G F
but you gotta come home eventually
C G C
Buddy I would go that extra mile
F C G Am
and extra bark and an extra smile
Am F G Am
Cause I never felt so free
F G C
It was just my dog and me

solo

c F C
And she shoots me that look like she'd lay down her life
Am G F
No doubt she would in a minute man
C F C
She'd face the bullet or she'd face the knife
Am G F
Just to keep my butt from a frying pan
C G C
Now she runs up ahead to chase some deer
F C G Am
Comes back to tell me that the coast is clear
F G Am
And it's a different world I see
F G C
When it's just my dog and me

solo (playing around with chords in verse)

It looks like we've been laying tracks
From the crack of dawn to the break of the day
Nice and easy up the Devil's back
She wouldn't have it any other way
Bout to carry us down that one last ride
Till we're safe at home by the fire side
Dreaming those dreams for free
Yeah it's just my dog and me

Oh I never felt so free
It was just my dog and me
