

OVER IN MY MIND

transcribed by JAYWILL

G C  
When I was a kid I travelled the rooftops of my town

D G  
Trying to raise up above a family

G C  
I look at those houses when I'm standing on the ground

D G  
Over impressed with gravity

G C  
Me and Joe H- we rode 'em tall like sailing ships

D G  
Two Magellan's heading on out to the sea

G C  
And up on those eaves, just about anything you'd believe

D G  
You could get your heart to see

CHORUS:

G C  
I roll it over in my mind I roll it over in my mind

D G  
I roll it over in my mind

G  
Five hundred miles and a day behind

C  
Tomorrow that sun is gonna shine

D G  
I roll it over in my mind

G C  
We sailed Indiana just like it was the Bering Sea  
D G

Riding on those amber waves of green  
G C  
And up on that roof, well you didn't need no proof  
D G  
There was gonna come driving rain  
G C  
So batton down the hatches yes and landlock all their hearts  
D G  
Up on the rooftops we'll be free  
G C D  
to sail our ships out past the cornfields and dragstrips(?)  
D G  
carried away by the deep blue sea

REPEAT CHORUS

G C  
What I was thinking, yeah, somewhere in my brain  
D G  
Me and Joe H -- might have had it right  
G C C  
Just high enough to see what we did not wanna be  
D G  
I think I'm gonna ride the roof tonight

REPEAT CHORUS
