

She Don't Love Nobody

G C D G Em D G
From my humble point of view she don't love nobody
C D G Em D G
Nothing borrowed nothing new she don't love nobody
C D G Em D G
Behind those green eyes I detect she don't love nobody
C D G Em D G
A heart no kiss could resurrect she don't love nobody
C G D C
All her life she's been told to hang on tight
G B7 Em
There's a man who'd make her his wife
A7 D
But she's not interested in anything mamma says
G C D G Em D G
She throws passion to the wind she don't love nobody
C D G Em D G
She don't give out but she don't give in she don't love nobody
C D G Em D G
And if I could I'd make her mine she don't love nobody
C D G Em D G
And she would never walk that line she don't love nobody
C G D C
All my life I've been told to hang on tight
G B7 Em
There's a girl who'd be my wife
A D
But I'm not interested in anything mamma says
G C D G Em D G
I want the girl who does not need she don't love nobody
C D G Em D G
She the one my heart recieves she don't love nobody
