

## Something Happens

|E /

I've been jumpy

/ G^ A |E //

I wanna step on the gas

G |D

Gotta ride out of

|E //

This place fast

G^ A |E //

She said red lite,

G^ A |E //

I'll take those keys

G |D

Out of my mind

|E //

On my knees

b a g c

/ |C //

Something Happens

G |C //

And I don't know why

G |C // D |G

Can't seem to get my future outta her eyes

|C //

Something happens

G |C //

Never for sure

G |C / / D |G //

And if I could name this sickness I'd be cured

D |E / / G^A |E (D) |

I'd be cured

Well she's long distance and it's alright

Always this static on the line

Tear the phone out from the wall

G |D |E |

But in my head I get that call

G /

She don't wanna talk

/ D |

She don't wanna talk to me

G /

She just wanna look

/ D |Bb |F |D |

She just wanna look thru me

It's a famine or it's a feast

Who's this beauty and who's that beast

Is it love or happiness

And if I do it will I confess

CHORUS

Note: small letters are VOX notes of lyric

directly below

Duration Notation:

| = bar line; within bar lines chords divide measure

No bar line = chord gets entire measure's time

/ = play same as previous chord, beat or measure

/^/ or /^ / = split the beat (ex.: /^G7 )
