Am F C/G  
Shrunken head and Mardi Gras beads  
Am F C/G  
Hanging on a rearview mirror that bleeds  
Am F C/G  
Keepin' her eyes on the open road  
Am F C/G  
No tellin' where that son-a bitch goes

Am F C/G  
Got her doors locked doin' 75  
Am F C/G  
Don't care to be caught now, dead or alive  
Am F C/G  
Seen enough to kill anyone's soul  
Am F C/G  
Keepin' her eyes on the open road  
Am F C/G  
Keepin' her eyes on the open road

F G Am  
The open road where the hopeless come  
F G Am  
To see if hope still runs  
F C G  
One by one they bring their broke down loads  
F G  
And leave 'em where the hobo dreams are stowed  
Am F C/G G  
Out on the open road  
Am F C/G G  
Out on the open road

Midnight fallin' like a bag of bones  
Weighted down now the rest with stones  
Bouncin' off a river the moon made steel  
Cracking off the chrome of a steering wheel

Anything back there is burned and dead  
Any love they made any words they said  
Nothing to do now but drop it and roll

Into the lights of the open road  
Into the lights of the open road

The open road where the hopeless come  
To see if hope still runs  
One by one they bring their broke down loads  
And leave 'em where the hobo dreams are stowed  
Out on the open road  
Out on the open road

Shrunken head and Mardi Gras beads  
Hanging on a rearview mirror on the beach  
Keepin' their eyes on the open road  
No tellin' where that son-a bitch goes

The open road where the hopeless come  
To see if hope still runs  
One by one they bring their broke down loads  
And leave 'em where the hobo dreams are stowed  
Out on the open road  
Out on the open road
