G

You were livin' the rest of the dream

Well, I had a dream of you

But I never realized

Baby, the dream was true

That's when you opened my eyes

And I will come through

Do my very best for you
And your lovin' arms
Gonna keep me warm

Like no other arms will do

When you can't find the light
At the top of the stairs
When you cry in the night
Well, you know I'll be there
Till the light of the day
Is as bright as it seems
And you know in your heart
You're livin' the rest of the dream

Now I see a tiny spark
Caught in your lovin' eyes
As we make love in the dark
And wait for the big surprise

Em7

And the old man will come through

Bm7

Son or daughter, just for you

C

And your mama's arms

C/B C/A C/G

Gonna keep you warm

Dsus D

Like no other arms can do

When you can't find the light
At the top of the stairs
When you cry in the night
Well you know we'll be there
Till the light of the day
Is as bright as it seems
And you know in your heart
You're livin' the rest of the dream

REPEAT CHORUS
