

## Let It Ride

A Amaj7 D D(add2)

          A                                  Amaj7  
you Can't sit around waiting for the path to glory  
          D                                  D(add2)  
you've got-ta get moving to tell your story  
          A                  Amaj7  
The bigger they come the harder they fall  
          D                                  D(add2)  
From a littlest a corns come trees so tall  
          Bm7                                  Esus  
and Where you're coming from, is where you're going  
Bm7                                  E5  
until you get there you got no way of knowing  
          A                  E/A          D/A                  E/A          A  
All the love in the world won't find you if you don't let it  
          E/A                  D/A          E/A  
Let it ride, let it ride, let it ride  
          A          E/A          D/A          E/A          A  
And every mistake is a break, but only if you get it  
          E/A                  D/A          E/A  
and Let it ride, let it ride, let it ride

D F#m D E F#m D A D A E F#m

and All the love in the world won't find you if you don't let it  
Let it ride, let it ride, let it ride  
And every mistake is a break but only if you get it  
and Let it ride, let it ride, let it ride

Every day's brand new place  
feel the sun up on your face  
Try something new, you won't regret it  
The hole in your shoe, buddy, just forget it

Let it ride, oh you got to let it  
Let it ride, let it ride, let it ride  
Let it ride, oh you got to let it  
Let it ride, let it ride, let it ride  
Let it ride, oh you got to let it  
Let it ride, let it ride, let it ride  
Let it ride, oh you got to let it  
Let it ride, let it ride, let it ride
