

Thank You Girl

A D

A5

You're a little on the thin side
But that's alright
You stood by me baby

D

When I didn't think we'd ever see daylight

A5

Rolled out of California
Like a couple of thieves
Now we're rolling in clover babe

D

We didn't read this in no tea leaves

E

F#m

My fate was sealed before I met you darling

A

I was halfway down a shallow grave

E

F#m

So little room for you to catch me falling

E/G#

D/A

D

Still you took the little love I saved

CHORUS:

A

I wanna thank you girl

D

I wanna thank you girl

A

I wanna thank you girl

D

I wanna thank you girl

A D E Esus4

It's a matter of opinion

But I think you're fine

As a matter of fact babe

They couldn't hold a candle to your kind

If all men are equal

This must be against the law

'Cause I can't help but feeling

I'm one up on my brother when night falls

'Cause in your arms I get the real love story
No fairy tale from somewhere back in time
In the dawn you're like a morning glory
Opening up for my sweet light to shine

REPEAT CHORUS
