

The way we make a broken heart

Capo 1st Fret

Just (G)one more kiss, She'll (D)have to miss, This (G)night with you
Now you're (C)guilty of this secret love, As (D)I am too
You'll get (G)used to telling (G7)lies, Feeling (C)sorry when she cries
Now that the (G)strings aren't attached, You'll catch on, We've done our
(D)part
Oh, and (C)this is the way we (D)make a broken (G)heart (C) (D)

Lesson (G)number one, We've (D)just begun to (G)hurt her so
And with (C)lesson two she'll long for you, (D)When lights are low
And when we (G)get to lesson (G7)three, When she (C)gets down on her knees
Begs you to (G)stop (n/c)at the door just before (G)she comes a-(D)part
Oh, (C)this is the way we (D)make a broken (G)heart

Now we've (C)made a trail of tears for her to (G)follow
And we've (C)thought of every line that she might (D)swallow

And with (G)lesson four there will (D)be no more for (G)her to bear
And on (C)some dark night we'll dim the lights (D)on this affair
Then she'll (G)find somebody (G7)new, And he'll (C)likely hurt her too
Cause there must be (G)millions (n/c) just like you and me, (G)Practiced in
(Em)the art
