

YOU MUST GO

transcribed by JAYWILL

G Am C
When that howling wind
G D
Comes to carry you again
Am C
Just like your next of kin
G C G
You must go
Am C
To a far away place
G D
Where you don't recognize one face
Am C
Don't unpack your old suitcase
G C G
Cause you must go 3

CHORUS:

Em G
You must go and you must ramble
C G
Through every briar and bramble
D Em
Till your life is in a shambles
C D
Maybe then you will know
Em G
You were born to blunder
C G
Born to wander, born to wonder
D Em
Even when you're six feet under
C D
There's place
G
That you must go

G Am C
It is something you done
G D
Are you loyal to no one
Am C
Turn your back on the sun
G C G
And you must go
Am C
It it something she said
G D

You keep this all up in your head

Am C

Now your face is turning red

G C G

And you must go

REPEAT CHORUS

Am C

Love is in the air

G D

You can smell it everywhere

Am C

Its in your clothes, it's in her hair

G D

Ah, you better get out of there

It's gonna take a midnight train

To straighten out your winding brain

Like a snake in the rain

You must go

REPEAT CHORUS
